TERM 4 // WEEK 1 // 2022

## Wheels, Inflatables and More Wheels!

### Re-cap of Vacation Care at OSHC

During October Vacation Care our children have had a mountain of fun, with so many cool excursions, incursions and activities to participate in! Lots of new and returning activities were on the table these holidays and they went off with a bang! It was such a success, the children and even the educators loved every last bit!

Students had opportunities to try new things like roller-skating, Hip Hop dancing and even getting up close with some beautiful Australian animals, some scaly some furry and some just plain adorable.

A special mention has to be said about our OSHC's Got Talent day where lots of students built up the courage to dance, sing, mime and tell jokes in front of everybody. These acts were amazing to experience with the children!

### Week By Week

Throughout the first week of vacation care, children went to Ingle Farm Recreational Centre for some fun on rollers skates. We also had our very first OSHC's Got talent where everyone was a winner! There were many chances to perform and a karaoke session to show off our vocal talents. Its safe to say that our OSHC does have talent! Students also went on an excursion to inflatable world, the biggest indoor inflatables in Australia - a favourite spot.

In Week 2 students learnt to how to Build n' Bash their Legos with 'Funtime' where they could make their Legos then destroy them in a nice and clean way that was fun for all. The highlight of week 2 would have had to be the wheels day where children could bring in bikes, scooters, skateboards and roller-skates to ride around a course constructed on the hardcourts.

### Christmas Closure

With Santa getting ready for Christmas, and term 4 starting up its time to think about Christmas holidays. A reminder that Cobbler Creek OSHC will be closed from the 22nd of December until the 8th of January inclusive.

## Sunscreen Reminder

Students will be required to wear hats at all times but only have to wear sunscreen if the UV is over 3. With the weather warming up, students will have to put sunscreen on more often so it is important we do it right. If your child has sensitive skin or is allergic to some sunscreens it is important that you let staff know ASAP and supply an alternative for your child to use as we do not want them to miss out on the fun learning opportunities outside in the warmer months.

### No Hat, No Play

As it continues heating up, we are now wearing hats!! Pack a spare wide brim or bucket hat for OSHC to help your child have fun in the sun. **NO CAPS ALLOWED!!**

## Booking Reminder

Just a reminder for parents, as we enter the final stretch of this year, to book in your child/ren early as spots are filling very fast! If you know your child does not need care in advance, make sure to cancel them ASAP so that other families can receive the care that they need.

## Nature Play

The new grassed area next to Cobbler Creek Playground is now open for the children to enjoy. With this in mind we thought it would be a good opportunity for the children to also engage in nature play next to this area. Students have taken a liking to this newly opened area and have started to create so many different things with their imaginations. This gives students the opportunity to get amongst their environment and learn different skills that couldn't inside!

## Term 4 Menu

The term 4 menu has recently been released on our website:

<https://www.cobblercreekoshc.com.au>

we constantly trying to incorporate different foods that we serve here at OSHC so if you or your child has any suggestions please let us know and we will try our hardest to include them.

## Allergy Season

With pollen floating around and bees buzzing its that time of year where we start sniffing, sneezing and itching. As staff we are always keeping an eye out for students who are affected by this as sometimes it can be serious. If you know your child has hay fever or any allergies let staff know so we can monitor them.
