

Cobbler Creek OSHC Newsletter

TERM 4 // WEEK 5 // 2022

Out of this World!

This term's OSHC Project has taken off to outer space!

This term Cobbler Creek OSHC has been exploring activities from our intergalactic theme; "Out of this World." They have experienced a range of activities to foster a curiosity for all things space and beyond.

Children's exploration so far has involved designing and building UFO spaceships, creating and composing their own aliens, painting galactic masterpieces, and cooking chocolate noodle aliens.

These activities have provided children the opportunity to express their curiosity, cooperate with others, confidently share their ideas, their creativity and imagination, enthusiasm to try something new, and persistence when things didn't work the first time.

Vacation Care

The Vacation Care Program for the upcoming Christmas holidays has been released. Bookings are now available to be made on Fully Booked.

Reminder that all Vacation Care bookings are final. Cancellations will receive the full charge unless a medical certificate is provided.

Special Breakfasts!

On top of our usual breakfast services (7 till 8am daily) once a week we will be offering a "Special Breakfast." Alternating days each week, the Special Breakfast will range from pancakes, crumpets, fruit and yoghurt, eggs on toast, avocado on toast and baked beans or spaghetti on toast. In addition, one day per week we will trial serving Milo as a drink choice.

Booking Reminders

If circumstances change and you no longer require care at OSHC, please cancel your booking at your earliest convenience to open up space for children on the waitlist.

April 2023 Closure

With major construction of the school in full swing, the next big change for OSHC will be demolishing the old library and computer room. This will be occurring in the April 2023 holidays.

Unfortunately, this building contains asbestos and will mean a closure while this is completed. We will help find alternative OSHC or Vacation Care services for families who require care.

2023 Bookings

Bookings for Term One 2023 will be available from the first week of December. You will be able to access the Before School Care and After School Care bookings for next year.

Children starting Reception at Golden Grove Primary School in 2023 can begin attending OSHC from Monday, 9th January.

Alien Surprise Folds

Another activity that stemmed from our "Out of This World" theme was "Alien Surprise Folds." A surprise fold is an image that folds out into another. In this case, an alien opens up into an alien with its mouth open. This planned experience was an extension of a previous weeks spontaneous activity. This progression aims to extend children's abilities and build on the children's skills and interest in a particular activity or topic. While we plan specific activities, we always encourage children to explore, adapt and create in their own way.

The Patches

The new grassed play area that replaced the old transportable buildings has been affectionately named "The Patches."

The Patches has quickly become a crowd favourite, providing spaces for children to engage in a variety of activities including skipping, frisbee throwing, marks up, end zone and chasey.
